

BADGER BULLETIN

BTECH

The Badger Sport fabric that delivers the feel of cotton, with the all the benefits of our performance polyester and the flexibility of spandex.

SOFT-SPUN FIBERS

With BTECH, the filaments are spun like strands of cotton to add soothing cushion - giving the fabric an authentic cotton-like feel that's soft to the touch with no sheen. Badger then takes the comfort and performance of BTECH to the next level by also adding a touch of spandex to the fabric, for maximum flexibility and a never-fail stretch.

SUPERIOR WICKING

BTECH features our advanced moisture management system that actually pulls sweat away from the body to evaporate from the exterior of the fabric. Our quick-dry fabric performance is guaranteed for life, and keeps you cool and comfortable, on and off the field.

ANTIMICROBIAL PROTECTION

Badger pioneered our proprietary process that permanently embeds bacteria-fighting silver ion technology directly into the fabric structure of our BTECH gear, providing a lifetime of maximum protection from harmful bacteria and unpleasant odors.

B COLORIGHT™

BTECH and all Badger Sport gear sets the standard for color consistency and performance; B COLORIGHT™ is our proprietary three-tiered process that rigorously tests and guarantees every piece of Badger Sportswear to be the right team color, every time, and over time.

QUALITY FOR ALL. GUARANTEED.™

INNOVATIVE

INNOVATION IS A CONSTANT AT BADGER. OUR TEAM IS ALWAYS DEVELOPING NEW FABRICS AND PROCESSES THAT OFFER CUTTING EDGE PERFORMANCE, STYLE AND COMFORT.

Badger Sport is proud to stand behind every product we make with our exclusive Badger Lifetime Performance Guarantee™. If you're not completely satisfied with BTECH™ fabric - or any Badger product - we will replace it. Simple as that. It's just another reason to choose Badger Sport.
