

# BADGER BULLETIN

# TRI-BLEND

The Badger Sport performance wear that delivers an incredibly soft combed-cotton feel, all the benefits of our Performance Polyester, plus superior flexibility.

### NATURALLY SOFT, INCREDIBLY DURABLE

TRI-BLEND achieves its super-soft feel by leveraging the unique benefits of three materials: the soft-spun fibers of our Performance Polyester, and the natural softness of cotton and rayon. The result is a jersey-structured garment that delivers the “know it when you feel it” comfort of your favorite cotton shirt, with low pilling and the game-proven toughness for which all Badger sportswear is known.

### SUPERIOR WICKING

TRI-BLEND also features our advanced moisture management system, which actually pulls sweat away from the body to evaporate from the exterior of the fabric. Our quick-dry fabric performance is guaranteed for life, and keeps you cool and comfortable, on and off the field.

### ANTIMICROBIAL PROTECTION

Badger pioneered our proprietary process that permanently embeds bacteria-fighting silver ion technology directly into the fabric structure of our TRI-BLEND gear, providing a lifetime of maximum protection from harmful bacteria and unpleasant odors.

### B COLORIGHT™

TRI-BLEND and all Badger Sport gear sets the standard for color consistency and performance with B COLORIGHT™. It’s our proprietary three-tiered process that rigorously tests and guarantees every piece of Badger Sportswear to be the right team color, every time, and over time.

## INNOVATIVE

INNOVATION IS A CONSTANT AT BADGER. OUR TEAM IS ALWAYS DEVELOPING NEW FABRICS AND PROCESSES THAT OFFER CUTTING EDGE PERFORMANCE, STYLE AND COMFORT.

Badger Sport is proud to stand behind every product we make with our exclusive Badger Lifetime Performance Guarantee™. If you’re not completely satisfied with TRI-BLEND fabric – or any Badger product – we will replace it. Simple as that. It’s just another reason to choose Badger Sport.

QUALITY FOR ALL. GUARANTEED.™
